**While reviewing this information, please bear in mind:**

- Graduation and transfer-out rates are based on 3 years of attendance that equates to 150% of our longest program.
- As the College's mission does not include providing substantial preparation for students to enroll in another eligible institution without completing or graduating we have elected to not provide transfer out rates.
- Graduation (and transfer-out) rates do not include students who left the school to serve in the armed forces, on official church missions, or in the foreign service of the federal government. Students who died or were totally and permanently disabled are also excluded.

The following two exhibits represent graduation rates for our general student body and students who received athletic financial aid.
